Classroom Behavioural Strategies and Interventions 3. Rehearse/Guided Practice. As students practise the routine, corrective feedback is provided by the teacher. Advanced students can role-play the steps or act as a "buddy" to a student who is alcohol-affected. The teacher uses subtle prompts to help students who forget steps.

## **5. CLASSROOM BEHAVIOURAL STRATEGIES AND INTERVENTIONS**

In terms of reinforcement there are two types. The first being positive reinforcement, this type can be an effective tool to shape and change behavior in children. It works by presenting a motivating item (such as having the phone after completing homework) so then the person is motivated to finish the task assigned to them.

## **Positive Reinforcement: Changing The Behavior of Children**

Information does not automatically change behavior, but educators can nurture appropriate behaviors.

## **Can Education Change Behavior?**

Help parents learn the best practices for using rewards and punishments with their children. The advice in this worksheet comes from years of experience working with parents, and helping them learn to manage their children's (and teenager's) behavior.

Module 4. Behaviour Modification UNESCO February 2000 4 particularly with regard to sensitive issues, and are accompanied by charts, transparencies and video films as teaching aids. Supporting materials are also drawn from other relevant programmes being implemented in the respective countries.

## **Behaviour - UNESCO**

Behavior management was an early term referring to a systematic way of teaching people to act or control their reactions, or the way they behave toward other people. Behavior management was used to teach people new ways to act. It also was used to teach people not do things that are harmful or make others feel

uncomfortable.
