Participation, Citizenship and Local Governance Background note prepared for workshop on "Strengthening participation in local governance", Institute of Development Studies, June 21-24, 1999 John Gaventa and Camilo Valderrama Introduction For the last twenty years, the concept of "participation" has been widely used in the discourse of development.

## **Participation, Citizenship and Local Governance**

Citizen participation is a process which provides private individuals an opportunity to influence public decisions and has long been a component of the democratic decision-making process. The roots of citizen participation can be traced to ancient Greece and Colonial New England.

## **The Theory of Citizen Participation - University of Oregon**

Citizens have a set of rights and responsibilities, including the right to participate in decisions that affect public welfare. In addition to the intrinsic democratic value, participation is an instrumental driver of democratic and socio-economic change, and a fundamental way to empower citizens.
