Modular construction is also widely used in Japan, Scandinavia and the USA, where light steel framing is the primary structural medium, and leads to flexibility in internal planning and robust architectural solutions.

Value and Benefits of Modular construction

The Department inspects treatments during routine compliance inspections of PCO operations and randomly makes inspections of job sites where treatments are in progress. Also, the Department of Agriculture and Consumer Services will inspect specific treatments in response to consumer complaints that indicate a possible improper treatment.

Proper treatment for the prevention of subterranean
