**Contraceptive Technology, 18th Revised Edition pdf**

On August 10, 2018, the FDA approved two new contraceptive methods. Annovera is a one-year contraceptive vaginal ring and the NaturalCycles app is a mobile application (app) based fertility awareness tracker. This addition of two contraceptive options and a new progestin is welcome news to both providers and patients.

**Contraceptive Technology**

This is a practical guide for all providers of reproductive health care. It contains realistic advice and information on all the major forms of contraception including emergency contraception, fertility awareness methods and female and male sterilization.
