The United Kingdom's culture is influenced by its history as a developed state, a liberal democracy and a great power; its predominantly Christian religious life; and its composition of four countries—England, Scotland, Wales and Northern Ireland—each of which has distinct customs, cultures and symbolism. The wider culture of Europe has also influenced British culture, and Humanism ...

What causes the disease? Parkinson's disease occurs when nerve cells, or neurons, in the brain die or become impaired. Although many brain areas are affected, the most common symptoms result from the loss of neurons in an area near the base of the brain called the substantia nigra.. Normally, the neurons in this area produce an important brain chemical known as dopamine.

Humanity has come a long way in a very short time. When one takes a moment to consider just how much has changed in our world within the last 50 years alone (a very small amount of time in the grand scheme of things), it isn't difficult to be impressed by the sheer degree of change that has taken place.
