2 The Comparative approach: theory and method 2.1 Introduction In this chapter we shall elaborate on the essentials of the "art of comparing"™ by discussing

### **The Comparative approach: theory and method**

Politics (from Greek: *πολιτική*, translit. *Politikḗ*, meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...

### **Politics - Wikipedia**

The United States is a federal republic in which the President, Congress and federal courts share powers reserved to the national government, according to its Constitution. The federal government shares sovereignty with the state governments.. The executive branch is headed by the President and is formally independent of both the legislature and the judiciary.
