Conversion therapy is the pseudoscientific practice of trying to change an individual's sexual orientation from homosexual or bisexual to heterosexual using psychological or spiritual interventions. There is virtually no reliable evidence that sexual orientation can be changed and medical bodies warn that conversion therapy practices are ineffective and potentially harmful.

A man is a male human. The term man is usually reserved for an adult male, with the term boy being the usual term for a male child or adolescent. However, the term man is also sometimes used to identify a male human, regardless of age, as in phrases such as "men's basketball". Like most other male mammals, a man's genome typically inherits an X chromosome from his mother and a Y chromosome ...
