Publications & Presentations

TEACHING Exceptional Children (TEC) is a journal designed specifically for teachers, administrators, paraprofessionals, and other practitioners who work with children and youth with disabilities or who are gifted. The purpose of TEC is to advance the professional development of practitioners and to provide useful information, resources, and tools for improving education and services for ...

TEACHING Exceptional Children | SAGE Publications Inc

Whatâ€™s 2e? Itâ€™s short for twice-exceptional, a term often used to describe kids who are exceptional because theyâ€™re gifted and because they have learning disabilities, learning disorders, attention difficulties, or just plain learning differences. Find out more.

Welcome to 2e Newsletter!

'Positive Psychology. An Introduction.' is one of the foundational articles in the field, written by Martin Seligman and Mihalyi Csikszentmihalyi.

California Preschool Learning Foundations

Intellectual giftedness is an intellectual ability significantly higher than average. It is a characteristic of children, variously defined, that motivates differences in school programming. It is thought to persist as a trait into adult life, with various consequences studied in longitudinal studies of giftedness over the last century.

INTRODUCTION. Play is so important to optimal child development that it has been recognized by the United Nations High Commission for Human Rights as a right of every child. 1 This birthright is challenged by forces including child labor and exploitation practices, war and neighborhood violence, and the limited resources available to children living in poverty.
