

experiencing geometry on plane pdf

Similar triangles. In geometry two triangles, ABC and $A'B'C'$, are similar if and only if corresponding angles have the same measure: this implies that they are similar if and only if the lengths of corresponding sides are proportional. It can be shown that two triangles having congruent angles (equiangular triangles) are similar, that is, the corresponding sides can be proved to be ...

The exterior angle theorem is Proposition 1.16 in Euclid's Elements, which states that the measure of an exterior angle of a triangle is greater than either of the measures of the remote interior angles. This is a fundamental result in absolute geometry because its proof does not depend upon the parallel postulate.. In several high school treatments of geometry, the term "exterior angle ...

The Northrop-Loral F-19A Specter is a next-generation, high-speed fighter-interceptor using advanced stealth technology. Begun during the XST design shootout in the late 1970s, the Specter grew from the same seed as the F-117 stealth fighter, but diverged as Northrop developed higher performance technologies.

Data Science for Tackling the Challenges of Big Data

One of the Greatest Treasures of Humanity lies deftly hidden in the heart of the Human Brain. The Treasure is not Material. It is a Gateway - a gateway leading to our deepest origins that is activated when the pineal gland secretes a hormone similar to melatonin.

Metatonin Research, Pineal gland secretion METAtinin

Many of us board a plane without understanding what a truly extraordinary experience flight is: suspended 30,000 feet or more in the air, propelled to our destination at close to the speed of sound, protected from extreme cold and low pressure by the thin skin of the aircraft.

The Science of Flight - English

When someone mentions "different dimensions," we tend to think of things like parallel universes "alternate realities that exist parallel to our own, but where things work or happened differently.
