Mustangs are free-roaming horses of the American west that first descended from horses brought to the Americas by the Spanish. Mustangs are often referred to as wild horses, but because they are descended from once-domesticated horses, they are properly defined as feral horses. The original mustangs were Colonial Spanish horses, but many other breeds and types of horses contributed to the modern ...

Introduction. Since the end of World War II the international political system has been organised around the notion of equal sovereignty of states, internal competence for domestic jurisdiction, and preservation of existing boundaries, and yet that these ideals have been violated frequently is incontestable (Elden 2006, 11).
