Alcohol and your health - National Institutes of Health

A few years ago when I took on my current role, one of our industry analysts asked me if there really was a skills gap. He had seen conflicting reports. Even recently, MIT's Technology Review published "The Myth of the Skills Gap" arguing the gap isn't about skills but worker-employer coordination.

Finding a way out of the engineering skills gap

Cas did find himself attracted to pretty guys, though he felt like the standards were fairly subjective. This guy, though, with his huge green eyes and lips that could easily drive men crazy, was so unequivocally striking that Castiel struggled to find his words.
