The Force is a metaphysical and ubiquitous power in the Star Wars fictional universe. It is wielded by characters throughout the franchise: heroes like the Jedi use the "light side" of the Force, while the Sith and other villains exploit the "dark side". The Force has been compared to aspects of several world religions, and the phrase "May the Force be with you" has become part of the popular ...

Attention is the behavioral and cognitive process of selectively concentrating on a discrete aspect of information, whether deemed subjective or objective, while ignoring other perceivable information. It is a state of arousal. It is the taking possession by the mind in clear and vivid form of one out of what seem several simultaneous objects or trains of thought.
