International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...

It is now quasi official: do not mess with Frontiers. My earlier reporting made it a credible possibility that this Swiss publisher was behind the January 2017 shut-down and removal of Jeffrey Beall's list of "potential, possible, or probable predatory scholarly open-access publishers", and it was now indeed verified by an article in Chronicle of Higher Education!
