Morality (from Latin: *moralis*, lit. 'manner, character, proper behavior') is the differentiation of intentions, decisions and actions between those that are distinguished as proper and those that are improper. Morality can be a body of standards or principles derived from a code of conduct from a particular philosophy, religion or culture, or it can derive from a standard that a person ...

In place of the old bourgeois society, with its classes and class antagonisms, we shall have an association, in which the free development of each is the condition for the free development of all 1. 2. There is a widespread myth that Marx either rejected ethics altogether or that his comments on ethics and morality are at best incoherent. 3 These claims have a superficial plausibility.

Marxism and ethics â€“ International Socialism

Marxism. Marxists see society in terms of a conflict between economic classes. A dominant class (the bourgeoisie or 'capitalist' class) owns and controls the means of production; an industrial working class, the 'proletariat', is exploited by them.
