Processor design is the design engineering task of creating a processor, a component of computer hardware. It is a subfield of computer engineering (design, development and implementation) and electronics engineering (fabrication). The design process involves choosing an instruction set and a certain execution paradigm (e.g. VLIW or RISC) and results in a microarchitecture, which might be ...

Processor design - Wikipedia

Big Brother 2000, also retrospectively known as Big Brother 1, was the first series of the British reality television series Big Brother. The show followed eleven contestants, known as housemates, who were isolated from the outside world for an extended period of time in a custom built House. Each week, one or more of the housemates were evicted by a public vote.
