The key author of the transition from romanticism to realism, Nikolai Vasilievich Gogol, is also one of the most important authors of the romanticism, and has produced a number of works which qualify as gothic fiction. His works include three short story collections, of which each one features a number of stories in the gothic genre, as well as many stories with gothic elements.

Blond or fair hair is a hair color characterized by low levels of the dark pigment eumelanin. The resultant visible hue depends on various factors, but always has some yellowish color. The color can be from the very pale blond (caused by a patchy, scarce distribution of pigment) to reddish "strawberry" blond or golden-brownish ("sandy") blond colors (the latter with more eumelanin).
