aspire is happiness. But for Aristotle the happy man is neither a noble savage, nor man in his natural state, but the educated man. The happy man, the good man, is a virtuous man, but virtue is acquired precisely through education. Ethics and education merge one into the other. Aristotle's ethical works are teaching manuals on the art of living.

6/Aristotle are objects of knowledge in two senses – some to us, some without qualification. Presumably, then, we must begin with things known to us. Hence any one who is to listen intelligently to lectures about what is noble and just, and generally, about the subjects of political science must have been brought up in good habits.

Aristotle on Substance, Matter, and Form Metaphysics I: the study of being qua being Aristotle often describes the topic of the Metaphysics as "first philosophy." In Book IV.1 (I.1) he calls it "a science that studies being in so far as it is being" (1003a21). (This is sometimes translated "being qua being.") What does this mean?

The book gives central place to Aristotle's searching examination of friendship in the Nicomachean Ethics. Lorraine Pangle argues that the difficulties surrounding this discussion are soon dispelled once one understands the purpose of the Ethics as both a source of practical guidance for life and a profound, theoretical investigation into human nature.
